## STRONGER TOGETHER

The entire industry benefits from a functioning network – especially in challenging times. That is why it is all the more important to further promote the community. The next METPACK will give you as an association the exclusive opportunity to become part of the new joint stand ASSOCIATIONS IN ALLIANCE.

We offer you a prominent platform for networking, recruiting members and exchanging ideas at the world's leading trade fair METPACK. The close proximity of other trade associations offers you numerous opportunities for technical and inspiring discussions. For your convenience stand construction and basic equipment are already planned and included in the price.

The joint stand will be accompanied by our media department and will thus be the subject of press releases, social media and newsletters from Messen Essen, which means maximum attention with minimum organizational effort. Don't miss this opportunity and be part of it!
